Why

are

people

different?

 Lots of people  in  England  have  come  from  different countries.  This is a  
 good thing  as it means  we  have  lots of  different  people  living  together.

Diversity

We

should

be

kind

to

all

people

and

not

make

fun

of

them

if

they

are

different

to

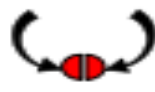

us.

Being

different

makes

us

special

and

interesting!
