Angela Hill has liaises with class teachers each term and arranges pupil progress meetings to discuss individual pupil progress and previous interventions. Interventions are planned for pupils who we feel require additional input to meet their expected targets and these will be monitored throughout the year.

SLT and class teachers have looked at each of the cohorts and ensured that all children are placed in the correct one. Moving into the Autumn term 2023, we have revised our curriculum pathways that our learners will be following. The White Ash Curriculum is built up of 5 different pathways. These are: EYFS, Informal Curriculum (Cohort 1), Pre- Semi Formal Curriculum (Cohort 2), Semi -Formal Curriculum (Cohort 3) and the Formal Curriculum (Cohort 4). More information can be found on our Curriculum Statement 2023- 24 on our website.
