

WHITE ASH SCHOOL
CURRICULUM & REMOTE LEARNING

September 2024

Review date September 2026

White Ash School is committed to working in close partnership with families and recognises each family is unique. Because of this, remote learning will look different for different families in order to suit their individual needs. White Ash School will take a multi-disciplinary approach to support remote learning and involve professionals from health and social care where appropriate to support the family and best meet the needs of the individual pupil.

We will provide support for parents on how to use Class Dojo and other educational websites as appropriate, and where possible provide personalised resources. It is beneficial for our pupils to maintain a regular and familiar routine. White Ash would recommend that each 'school day' maintains a consistent structure, however, parents/carers know their child best and families will be supported to work around the needs of their children and include regular physical exercise/sensory processing/free time throughout the day.

We would encourage parents/carers to support their children's work, including finding an appropriate place to work and accessing support from the class teacher and the Family Liaison Officer where required. Every effort will be made by staff to ensure that work is sent home immediately or within 24 hours of a child not being able to attend school. Should accessing work be an issue, parents should contact school promptly and alternative solutions may be available. These will be discussed on case-by-case basis.

School and parents should work together to ensure that pupils are kept safe when accessing online content at home as outlined in the school's online safety policy. At White Ash School, we understand the need to continually deliver high-quality education, including during periods of remote education – whether for an individual pupil or for many. We recognise the importance of maintaining high expectations in all areas of school life and ensuring all pupils have access to online lessons where required. Through the implementation of this policy, we aim to address the key concerns associated with remote learning, such as: systems and technology, safeguarding, conduct, and accessibility.

Aims

This remote learning policy for staff aims to:

- Minimise the disruption to pupils' education and delivery of the curriculum.
- Ensure provision is in place so that all pupils have access to high-quality learning opportunities.

- Ensure consistency in the approach to remote learning for pupils who are not in school.
- Set out expectations for all members of the school community with regards to remote learning.
- Provide appropriate guidelines for data protection.
- Ensure robust safeguarding measures are in place during live online lessons.
- Ensure pupils unable to attend school remain fully included within the school community.
- Ensure all pupils have the provisions required to take part in lessons and complete their work to the best of their ability, and to remain happy, healthy and supported during periods of remote learning.

Legal Framework

This policy has due regard to all relevant legislation, guidance, including, but not limited to, the following:

- Data Protection Act 2018
- The UK General Data Protection Regulation (UK GDPR)
- The Education (Pupil Registration) (England) Regulations 2006
- DfE (2024) 'Providing remote education'
- DfE (2022) 'Safeguarding and remote education'
- DfE (2024) 'Keeping children safe in education'
- DfE (2015) 'SEND code of practice: 0 to 25 years'
- DfE (2024) 'Working together to improve school attendance'
- DfE (2022) 'Health and safety: responsibilities and duties for schools'
- DfE (2024) 'Children missing education'
- DfE (2020) 'Help with accessing and buying resources for remote education'
- DfE (2021) 'Get help with remote education'

This policy operates in conjunction with the following school policies:

- Data Protection Policy
- Child Protection and Safeguarding Policy
- Health and Safety Policy
- Behaviour Policy
- Accessibility Policy
- Special Educational Needs and Disabilities (SEND) Policy
- Attendance and Absence Policy
- Online Safety Policy
- Staff Code of Conduct
- Technology Acceptable Use Agreement for Pupils
- Technology Acceptable Use Agreement for Staff
- Marking and Feedback Policy
- Curriculum Policy
- Assessment Policy
- Children Missing Education Policy

- Home Visit Risk Assessment

Roles and responsibilities

The governing board will be responsible for:

- Monitoring the school's approach to providing remote learning to ensure education remains as high quality as possible.
- Reviewing the effectiveness of this policy on an annual basis in conjunction with the headteacher.
- Ensuring that staff are certain that remote learning systems are appropriately secure, for both data protection and safeguarding reasons.
- Ensuring that online safety training for staff is integrated, aligned and considered as part of the school's overarching safeguarding approach.

The headteacher will be responsible for:

- Ensuring staff, parents and pupils adhere to the relevant policies at all times.
- Ensuring that there are arrangements in place for identifying, evaluating and managing the risks associated with remote education, including live online lessons.
- Ensuring that there are arrangements in place for monitoring incidents associated with remote education provision.
- Ensuring that the school has the resources necessary to carry out the procedures in this policy.
- Ensuring that pupils have access to remote education as soon as reasonably practicable, where appropriate.
- Reviewing the effectiveness of this policy on an annual basis in conjunction with the governing board and communicating any changes to staff, parents and pupils.
- Arranging any additional training staff may require to support pupils with remote learning.
- Ensuring that the remote education provision expected from staff is accessible to staff with additional needs which may be impacted by the online format, e.g. staff who are visually impaired.
- Conducting annual reviews of remote learning arrangements to ensure pupils' education does not suffer.
- Considering the assignment of overarching responsibility for the quality and delivery of remote education to a member of the SLT.

SLT will be responsible for:

- Liaising with the ICT leader to ensure that the technology used for remote education is accessible to all pupils and that reasonable adjustments are made where required.
- Ensuring that all our pupils with EHC plans continue to have their needs met during periods of remote education, and liaising with the headteacher and other organisations to make any alternate arrangements for pupils with EHC plans.

- Identifying the level of support or intervention that is required while pupils with SEND receive remote education.
- Ensuring that the remote education provision put in place for pupils with SEND is monitored for its effectiveness.
- Liaising with the headteacher and LA in circumstances where delivering remote education to pupils with EHC plans proves to be challenging or impossible in order to find other ways to provide education.

The Designated Safeguarding Lead will be responsible for:

- Attending and arranging, where necessary, any safeguarding meetings regarding remote education.
- Liaising with the ICT Leader to ensure that all technology used for remote education is suitable for its purpose and will protect pupils online.
- Identifying vulnerable pupils who may be at risk if they take part in remote education.
- Ensuring that child protection plans are enforced if vulnerable pupils take part in remote education.
- Identifying the level of support or intervention required while pupils take part in remote education and ensuring appropriate measures are in place.
- Assisting teachers with all remote education lesson planning to ensure the correct safeguarding measures are in place.

The Premises Manager will be responsible for:

- Ensuring that the relevant health and safety risk assessments are carried out within the agreed timeframes, in collaboration with the headteacher.
- Putting procedures and safe systems of learning into practice, which are designed to eliminate or reduce the risks associated with remote learning.
- Ensuring that pupils identified as being at risk are provided with necessary information and instruction, as required.
- Managing the effectiveness of health and safety measures through a robust system of reporting, investigating, and recording incidents.

The SBM will be responsible for:

- Arranging the procurement of any equipment or technology required for staff to teach remotely and for pupils to learn from home.
- Ensuring value for money when arranging the procurement of equipment or technology.
- Ensuring that the school has adequate insurance to cover all remote working arrangements.
- Ensuring all staff, parents, and pupils are aware of the data protection principles outlined in the UK GDPR.
- Ensuring that all computer programs used for remote learning are compliant with the UK GDPR and the Data Protection Act 2018.

The ICT technician will be responsible for:

- Ensuring that all school-owned devices used for remote learning have suitable antivirus software installed, have a secure connection, can recover lost work, and allow for audio and visual material to be recorded, where required.

- Ensuring that any programs or networks used for remote learning can effectively support a large number of users at one time, where required, e.g. undertaking 'stress' testing.
- Overseeing that any ICT equipment used for remote learning is resilient and can efficiently recover lost data.
- Working with SLT to ensure that the equipment and technology used for learning remotely is accessible to all pupils and staff.

Teachers and support staff will be responsible for:

- Adhering to this policy at all times when preparing and delivering remote education.
- Reporting any safeguarding incidents and concerns to the DSL, and asking for guidance as appropriate.
- Taking part in training to meet the requirements of this policy, including training on how to use the necessary electronic equipment and software.
- Reporting any defects on school-owned equipment used for remote education to the ICT team in school.
- Adhering to the Staff Code of Conduct at all times.
- Reporting any health and safety incidents to the health and safety officer and asking for guidance as appropriate.
- Reporting any dangers or potential dangers they identify, as well as any concerns they may have about remote learning, to the headteacher.

When providing remote learning, teachers must be available between

8.45am and 4.00pm (Monday, Tuesday, Thursday)

8.45am- 4.30pm (Wednesday)

8.45am- 3.15 (Friday)

If they are unable to work for any reason during this time, for example due to sickness or caring for a dependent, they should report this using the normal absence procedure.

When providing remote learning teachers are responsible for:

- Contacting each pupil/ parent every day by 9.00am via the Class Dojo page (not individual chat) with set work/ activities for that day. This must include English/ Maths/ topic work/ Physical and Sensory activities.
- Weekly activities need to be set for Science/ Music/ Outdoor Learning and Life Skills. Again, these activities must be on Dojo for 9.00am.
- Teachers will use adapted resources to meet the individual needs of their pupils, as well as other resources identified by school curriculum leaders.
- Teachers will save weekly learning packs on the T drive. The packs will then be printed by staff who are on site, ready for parents to collect at all allocated time, or emailed directly to the parents.
- All work submitted will be acknowledged by the class teacher.
- Teachers should encourage parents to comment on how the pupil has done with the work then feedback can be given and follow up work/ lessons is appropriate.

- Teachers need to contact parents via a phone call on a weekly basis. This must be recorded on CPOMS.
- If there is a concern around the level of engagement of a pupil, parents should be contacted via phone to assess whether school intervention can assist engagement. Any concerns should be recorded on CPOMS.

Teaching assistants

Teaching assistants must be available between their working hours.

If they are unable to work for any reason during this time, for example due to sickness or caring for a dependent, they should report this using the normal absence procedure.

Teaching Assistants HLTA/Level 3 can lead small group in remote learning sessions.

When assisting with remote learning, teaching assistants are responsible for:
Supporting pupils who are not in school with learning remotely.

Subject leads

Alongside their teaching responsibilities, as outlined above, subject leads are responsible for:

- Monitoring the work set by teachers in their subject.
- Review work set weekly. This will be available on the T drive.

Parents will be responsible for:

- Adhering to this policy at all times during periods of remote learning.
- Ensuring their child is available to learn remotely and that the schoolwork set is completed on time and to the best of their child's ability.
- Alert teachers if they are not able to complete work/ activities.
- Reporting any technical issues to the school as soon as possible.
- Ensuring that their child always has access to remote learning material.
- Reporting any absence in line with the terms set out in 'Attendance and absence' section of this policy.
- Ensuring their child uses the equipment and technology provided for remote learning as intended.
- Seek support from school if required.

Who to contact If staff have any questions or concerns about remote learning,

they should contact the following individuals:

- Issues with behaviour – talk to the Class Teacher, Behaviour Leads (Michelle Forrest, Darren Houghton & Hannah Heyes)
- Issues with IT – contact Carol Hardy/ Jeff Bamber
- Issues with their own workload or wellbeing – talk to the Head teacher/Deputy Headteacher or Assistant Headteacher

- Concerns about data protection – talk to the Head teacher/Assistant Head teacher
- Concerns about safeguarding – talk to the DSLs.

Data protection

- Staff will have due regard for the school's Data Protection Policy at all times whilst conducting live sessions. The school will obtain consent from parents to conduct any live online lessons via letter/class dojo. The school will communicate the details of how to access the live online lesson and any additional information regarding online learning to parents and pupils via letter/class dojo. The school will obtain consent from parents if any images or identifying information about any pupil may be used during the live online lesson, e.g. by using video conferencing, via letter/class dojo. Staff will ensure data is only transferred between devices if it is necessary to do so for the purposes of live online lessons, e.g. to report anything serious that has taken place during the online lesson. Any data transferred between devices will be suitably encrypted. Where this is not possible, other data protection measures will be in place, such as using the initials of pupils instead of full names. When recording a live lesson is necessary, prior permission will be acquired from parents in writing via letter/class dojo and all members of the live lesson will be notified before.

When accessing personal data, all staff members will:

- All staff have access to CPOMS to record any parent contact or concerns about children, this is accessed via a secure password. Ensure you log out after use. Do not allow access to the site to any third party.
- Teachers are able to access parent contact details via Eduspot using a secure password. Do not share any details with third parties and ensure is logged off.
- School laptops and iPads are the school's preferred devices to be used when accessing any personal information on pupils.

Keeping devices secure

All staff members will take appropriate steps to ensure their devices remain secure. This includes, but is not limited to:

- Keeping the device password-protected – strong passwords are at least 8 characters, with a combination of upper and lower-case letters, numbers and special characters (e.g.asterisk or currency symbol)
- Ensuring the pen drive is encrypted – this means if the device is lost or stolen, no one can access the files stored on the hard drive by attaching it to a new device Making sure the device locks if left inactive for a period of time
- Not sharing the device among family or friends Keeping operating systems up to date – always install the latest updates

Resources Learning materials

The school will utilise a range of different teaching methods when delivering remote education.

For the purpose of providing remote learning, the school may make use of the following:

- Online Learning Platforms
- Online tools for EYFS/KS1/KS2 appropriate to the individual needs of the pupils e.g. BBC Bitesize, Bug Club Reading, Phonics Bug etc. Parents/Carers will be provided with any log in details necessary.
- Weekly phone calls/emails from class teacher/key worker and if appropriate DSL or Family Support Team.
- Contact with Physio/OT/Speech and Language as and when necessary
- Weekly home learning overviews for EYFS, KS1, KS2 and Sensory Learners
- Printed learning packs
- Physical materials such sensory story boxes, Tac Packs etc.

Where an individual pupil is not able to attend but the rest of their class is in school, zoom sessions into class will be offered to encourage social interaction and access learning e.g. story time, registration, circle time, music, lesson starters etc. This is with the agreement of all parents of the children involved.

Where a risk assessment deems it not safe for a child to be in school weekly home visits from key worker and/or Physical Well-being Leader to work on individual targets linked to EHCP.

The school will review the DfE's guidance on where schools can source educational resources to assist with the delivery of remote education, and utilise these as appropriate. Teachers will review the DfE's list of online education resources and utilise these tools as necessary, in addition to existing resources. Reasonable adjustments will be made to ensure that all pupils have access to the resources needed for effective remote learning.

Teachers will ensure the programmes chosen for online learning have a range of accessibility features, e.g. switches, widget symbols etc, to support pupils with SEND.

Where remote education is needed, the school will consider the pupil's age, stage of development and SEND. The school will also consider where this would likely require significant levels of support from parents e.g. pupils with SEND who likely need parental involvement to facilitate engagement with remote education.

Lesson plans will be adapted to ensure that the curriculum remains fully accessible and inclusive via remote learning. The school will review the resources pupils have access to and adapt learning to account for this. Work packs will be made available for pupils who do not have access to a printer – these packs can be collected from the school office or delivered by the Family Liaison Officer

Any issues with remote learning resources will be reported as soon as possible to the relevant member of staff.

Pupils will be required to use their own or family-owned equipment to access remote learning resources, unless the school agrees to provide or loan equipment, e.g. laptops. For pupils who cannot access digital devices at home, the school will, where possible, apply for technology support through their LA. Pupils and parents will be required to maintain the upkeep of any equipment they use to access remote learning resources.

Teaching staff will oversee academic progression for the duration of the remote learning period and will mark and provide feedback on work in line with 'marking and feedback' policy.

Food provision

The school will signpost parents towards additional support for ensuring their children continue to receive the food they need, e.g. food banks. The school will work with their catering team and/or food provider to ensure good quality lunch parcels are provided to pupils eligible for FSM who are accessing remote education until they are able to attend school.

Costs and expenses

The school will not contribute to any household expenses incurred while pupils learn remotely, e.g. heating, lighting, or council tax. The school will not reimburse any costs for travel between pupils' homes and the school premises, or childcare costs. If a pupil is provided with school-owned equipment, the pupil and their parent will sign and adhere to the Technology Acceptable Use Agreement prior to commencing remote learning.

Systems and technology

Staff will only download software for live online lessons from a trusted source, e.g. Apple App Store, Google Play or a reputable provider's official website. The ICT Support Team will research the providers the school will use for live online lessons, taking into account ease of use, privacy measures and suitability for the purposes of live online lessons. Where necessary, they will refer to government-approved resources, e.g. from the National Cyber Security Centre (NCSC) and from the South West Grid for Learning, when selecting their recommended providers. Teachers will review the DfE's list of online education resources and utilise these resources as necessary. To prevent the misuse of remote education software, staff will:

- Ensure privacy settings are adjusted appropriately on the provider's site or application.
- Ensure their live online lesson service account is protected with a strong password and will not autosave their password on any device.
- Ensure they test and understand the service before conducting their first live online lesson using the 'test' function, where applicable.
- Ensure they understand how to mute the microphone and how to turn off their camera on their device before their first live online lesson.
- Ensure all pupils due to attend live online lessons have access to equipment that will enable them to participate, e.g. a laptop and internet access, to ensure they do not fall behind their peers who do have access.
- Ensure streaming and online chat functions are disabled for pupils. For aspects of the curriculum which are difficult to deliver through online provision, e.g. PE, teachers will consider using video demonstrations accompanied by supporting explanation. Pupils will be encouraged to take regular physical exercise to maintain fitness/access sensory processing opportunities.

Safeguarding

This section of the policy will be enacted in conjunction with the school's Child Protection and Safeguarding Policy, which has been updated to include safeguarding procedures in relation to the potential need for remote education. All teaching staff will be made aware that the procedures set out in the school's Staff Code of Conduct apply at all times during the delivery of remote education. Parents will be made aware of what their children are being asked to do, including:

The sites that they will be accessing.

The school staff that they will be interacting with. The DSL will arrange for regular contact to be made with vulnerable pupils during a period of remote education. Additional contact, including home visits, will be considered where required. Phone calls made to vulnerable pupils will be made using school phones where possible. All contact with vulnerable pupils will be recorded on CPOMS. The DSL will keep in contact with vulnerable pupils' social workers or other care professionals when the pupil is receiving remote education, as required. All home visits will:

- Have at least one suitably trained individual present.
- Be suitably recorded on CPOMS
- Actively involve the pupil.
- Only take place following the completion of a Home Visit Risk Assessment.

Vulnerable pupils/families will be provided with a means of contacting the DSL, their deputy, or any other relevant member of staff – this arrangement will be set up by the DSL prior to the period of remote learning. The DSL will meet, in person or remotely, with the relevant members of staff at least annually to discuss new and current safeguarding arrangements for vulnerable pupils learning remotely. All members of staff will report any safeguarding concerns to the DSL immediately. Pupils and their parents will be encouraged to contact the DSL if they wish to report safeguarding concerns, e.g. regarding harmful or upsetting content or incidents of online bullying. The school will also signpost families to the practical support that is available for reporting these concerns. Staff will always have due regard for the school's Child Protection and Safeguarding Policy during remote education, e.g. whilst conducting live online lessons. The planning of live lessons will always be carried out in conjunction with the school's DSL. The school will ensure the system used for live online lessons does not have a minimum age requirement above the age bracket of pupils attending the lesson. Pupils will not share private information through the live online system. Pupils will not respond to contact requests from people they do not know when using systems for live online lessons. Staff will ensure all video and phone calls are not set to public, and meetings are protected with passwords. Meeting links and passwords will not be published publicly. Staff will uphold their safeguarding obligations and will report any incidents or potential concerns to the DSL in line with the school's Child Protection and Safeguarding Policy. The school will ensure that parents know what pupils are expected to do for a live online lesson, including the websites pupils will be asked to use and the school staff pupils will interact with online. The school will communicate the importance of online safety to parents, and encourage parents to set age-appropriate parental controls on digital devices and use internet filters to block

malicious websites. The school will inform parents of the government-approved resources on child online safety to support parents further.

Pupil conduct

The school will ensure that pupils have agreed to the Technology Acceptable Use Agreement for Pupils prior to taking part in live online lessons. Pupils will adhere to the school's Behaviour Policy at all times during live online lessons, as they would during a normal school day. The school will ensure that any pupils who breach the code of conduct will be disciplined in line with the school's Behaviour Policy.

Staff conduct

Staff will follow the requirements set out in the Staff Code of Conduct and will ensure they understand their responsibilities with regard to conduct during live online lessons. The school will ensure that staff have read and digitally signed the Technology Acceptable Use Policy for Staff prior to commencing live online lessons. Staff will only use school-provided email addresses and phone numbers to communicate with pupils when conducting remote education. Staff will only use school-owned devices for conducting remote education, where possible. Staff will not share personal information whilst conducting remote education. Staff will ensure they conduct their online lessons from an appropriate location – either the classroom or, if this is not possible, from a quiet area in their home which has a neutral background. Staff will communicate with pupils/families within school hours as far as possible, or within hours agreed with the school to suit the needs of staff. Staff will only communicate and conduct live online lessons through channels approved by the SLT. Staff will not commence online lessons until at least one other member of staff is in the live lesson 'room', and not without confirmation that at least one other colleague is aware that the live online lesson is taking place. Staff will keep a log of what happens during live online lessons, e.g. behavioural issues or technical glitches, and ensure it is properly documented on CPOMS.

Pupils with SEND

All pupils at White Ash School have SEND and as a result, live online lessons will only take place when appropriate. SLT and the relevant teacher will consider whether one to one lessons or pre-recorded lessons are more appropriate in some circumstances. Staff will be sensitive to the needs of any pupils who may be sensitive to certain topics or issues that may arise during remote education. The school will ensure that the appropriate curriculum, teaching and support will be available to pupils with SEND to ensure they continue to learn effectively. Additional measures will be considered for pupils with SEND to mitigate the risk of pupils falling behind their peers in terms of education. The school will work collaboratively with families to put arrangements in place that allow pupils with SEND to successfully access remote education when necessary.

Online safety

This section of the policy will be enacted in conjunction with the school's Online Safety Policy. Where possible, all interactions will be textual and public. All staff and pupils using video communication will:

- Wear suitable clothing – this includes others in their household.

- Use appropriate language – this includes others in their household.
- Maintain the standard of behaviour expected in school.
- Use the necessary equipment and computer programs as intended.
- Not record, store, or distribute video material without permission.
- Ensure they have a stable connection to avoid disruption to lessons.
- Always remain aware that they are visible. All staff and pupils using audio communication will:
 - Use appropriate language – this includes others in their household.
 - Maintain the standard of behaviour expected in school.
 - Use the necessary equipment and computer programs as intended.
 - Not record, store, or distribute audio material without permission.
 - Ensure they have a stable connection to avoid disruption to lessons.

Always remain aware that they can be heard. The school will consider whether one-to-one sessions are appropriate in some circumstances, e.g. to provide support for pupils with SEND. This will be decided and approved by the SLT. The school will consult with parents as soon as possible, prior to the period of remote learning about what methods of delivering remote teaching are most suitable – alternate arrangements will be made where necessary. The school will communicate to parents about any precautionary measures that need to be put in place if their child is learning remotely using their own/family-owned equipment and technology, e.g. ensuring that their internet connection is secure. The school will ensure that all school-owned equipment and technology used for remote learning has suitable anti-virus software installed, can establish secure connections, can recover lost work, and allows for audio and visual material to be recorded or downloaded, where required. The school will risk assess the technology used for remote learning prior to use and ensure that there are no privacy issues or scope for inappropriate use. During the period of remote learning, the school will maintain regular contact with parents to:

Reinforce the importance of children staying safe online.

- Ensure parents are aware of what their children are being asked to do, e.g. sites they have been asked to use and staff they will interact with.
- Encourage them to set age-appropriate parental controls on devices and internet filters to block malicious websites.
- Direct parents to useful resources to help them keep their children safe online. The school will not be responsible for providing access to the internet off the school premises and will not be responsible for providing online safety software, e.g. anti-virus software, on devices not owned by the school.

Marking and feedback

All schoolwork completed through remote learning will be uploaded onto Class Dojo or returned to school if using hard copies. Staff will ensure they mark the work as set out in the Marking policy and provide accessible feedback suitable to the child's learning needs e.g. stickers, video/audio message, 'like' etc. Pupils and staff will maintain a good work ethic during the period of remote learning. If there are problems submitting work on Dojo or the work is not able to be submitted on the platform, parents will use email to send work to teachers for review and feedback and screenshots can be taken and emailed as attachments. The school will also

consider alternative options where appropriate, e.g. drop-off points at the school. Teaching staff will monitor the academic progress of pupils with and without access to the online learning resources and discuss additional support or provision with the headteacher as soon as possible. The school will log participation and pupil engagement with remote education, as well as progress, and this will be shared with parents via formal regular reports or, if there is a concern, individually via telephone. The school will consider ways to use feedback to secure consistent engagement with remote material, e.g. introducing a newsletter sent to parents and pupils which displays exemplary work and rewards engagement or outcomes.

Health and safety

This section of the policy will be enacted in conjunction with the school's Health and Safety Policy. Teaching staff and the ICT manager will ensure pupils are shown how to use the necessary equipment and technology safely and correctly prior to the period of remote learning. If using electronic devices during remote learning, pupils will be encouraged to take regular breaks. If any incidents or near-misses occur in a pupil's home, they or their parents are required to report these to the health and safety officer or other relevant member of staff immediately so that appropriate action can be taken.

Attendance and absence

The school will not view remote education as an equal alternative to on-site attendance, and will only consider remote education as a last resort when the alternative would be no education. Circumstances where remote education will be considered will fit into the following two categories:

School closures or restrictions on attendance, where school access for pupils is restricted

Individual cases where a pupil is unable to attend school but is able to learn The school will continue to record pupil attendance and absence in the register in line with the education regulations and attendance guidance, using the most appropriate code, and in line with the school's Attendance and Absence Policy. Pupils will be present for remote learning by 9:00am and cease their remote learning at 2.55pm from Monday to Friday, with the exception of breaks and lunchtimes. However, all of our pupils have SEND or medical conditions that may require regular breaks. Requirements for expectations of remote learning will be discussed with parents on an individual basis prior to any remote learning periods. Pupils who are unwell are not expected to be present for remote learning until they are well enough to do so. Parents will inform the school office, using the normal procedures, if their child is unwell. The school will monitor absence and lateness in line with the Attendance and Absence Policy. For individual cases where a pupil is unable to attend school but is able to partake in remote education, the school will consider providing remote education on a case-by-case basis as part of a plan to reintegrate the pupil back to school. Remote education will only be provided when it is judged that its provision will not adversely affect the pupil's return to school. School closures and attendance restrictions The school will ensure that every effort is made to ensure pupils can be taught in person where possible. The school will explore all options to ensure the school can remain open to all pupils; however, in circumstances where it is not possible to safely remain open or where remaining open would contradict local or

central government guidance, the school will consider providing remote education. The school will ensure that it has a plan in place outlining remote education procedures for teachers, parents and pupils. The DfE's emergency planning guidance will be consulted in the event of school closures or attendance restrictions.

Communication

The school will ensure adequate channels of communication are arranged in the event of an emergency. The school will communicate with parents via Teachers' to Parents, the school website/Facebook Page and class dojo about remote learning arrangements as soon as possible. All communication that takes place via email will be done via school email addresses. The headteacher will communicate with staff as soon as possible about any remote learning arrangements. Members of staff involved in remote teaching will ensure they have a working mobile device that is available to take phone calls during their agreed working hours. The school understands that pupils learning remotely have the right to privacy out-of-hours and should be able to separate their school and home lives – communication is only permitted during school hours. Members of staff will have contact with their line manager once per week. As much as possible, all communication with pupils and their parents will take place within the school hours outlined in the 'Attendance and absence' section. Pupils will have verbal/visual contact with a member of staff/Family Support Team/School Nurse on a regular basis when not in school, for safeguarding purposes. Parents will inform the relevant member of staff as soon as possible if schoolwork cannot be completed. Issues with remote learning or data protection will be communicated to the pupils' teacher/key worker as soon as possible so they can investigate and resolve the issue. The pupils' teacher will keep parents and pupils informed of any changes to the remote learning arrangements or the schoolwork set. The headteacher will review the effectiveness of communication on a termly basis and ensure measures are put in place to address gaps or weaknesses in communication.

Monitoring and review

The headteacher, SLT and DSL will review the measures outlined in this policy at least annually, to ensure it reflects the most up-to-date circumstances of the school's online learning provision. The headteacher and governing board will schedule a review of the effectiveness of this policy annually. Any changes to this policy will be communicated to relevant stakeholders, including parents and teachers.

Monitoring arrangements

This policy will be reviewed as and when updates to home learning are provided by the government.
