

Online Safety Resources for Parents and Carers

These videos will show you how to enable parental controls and filter the content provided by your internet supplier:

<http://www.saferinternet.org.uk/advice-and-resources/parents-and-carers/parental-controls>

As well as keeping children safe in the real world both at home and in school, it is increasingly important to keep children safe in the virtual world of the internet. The links below provide resources and ideas.

Google

Google work hard in lots of ways to keep people safe online. Google Safe Search is used by default in our school, and in most other Lancashire schools, to filter out inappropriate content. Learn more about Safe Search here:

<http://www.google.co.uk/familysafety/tools.html>

CEOP

The Child Exploitation and Online Protection (CEOP) Centre delivers a multi-agency service dedicated to tackling the exploitation of children. That means building intelligence around the risks, tracking and bringing offenders to account either directly or with local and international police forces and working with children and parents to deliver our unique ThinkUKnow internet safety programme.

White Ash Primary School use ThinkUKnow E Safety resources alongside other tools to educate our pupils and staff about keeping safe online.
