

Communication Newsletter

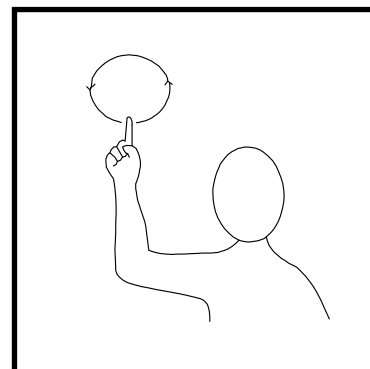

Over the next few weeks our Makaton signs will be..

Flower

Spring

Sunny

In school, we have lots of interventions to support the development of communication for all our children. These include, Attention Autism, Intensive Interaction, Tac Pac, Teddy Talks and Talk First. These are fun and interactive sessions which promote attention, interactions and build on word level understanding.

You can watch videos in You Tube to help you understand more about all of our interventions.

I would like to introduce Freya, our school SALT.

Freya works very closely with all classes in school, offering her support and expertise in all areas of communication. Freya has recently introduced Communication Boards into school and now all classes are using these to support our children's communication in all areas. They are already proving to be a success and we look forward to seeing more children make progress with the support of these new boards.

Freya and I are offering training to all parents and carers on the use of Communication in the following term. Letters will be sent home to invite you to attend this training nearer the time. In the meantime, feel free to contact myself at school if you require any support.

Many Thanks

Jacqueline Pickles
