

Accessibility Plan (2024-2027)

Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to pupils with disabilities

White Ash school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

Together, anything is possible!

In order to achieve this our school aims to:-

Work Hard

We have high expectations and challenge each pupil to work hard and fulfil their full and unique potential.

Help each other

We aim to provide pupils with a supportive, nurturing, safe, secure and stimulating environment in which their social, emotional, intellectual and health needs are met.

Inspire

We will guide and inspire our pupils to achieve all they can ensuring that they are best prepared for life beyond our school doors.

Try our best

We value each individual pupil and actively promote their efforts to achieve their next steps.

Everyone included

We aim to strengthen the spiritual, moral and cultural development of our pupils and encourage them to be positive members of the school and wider community.

We will ensure that all pupils, staff, parents/ carers, governors and all that are involved with the school feel valued and that we remain an 'amazing and fantastic place to come to'.

Achieve

We celebrate every achievement, big or small, enabling all our pupils to shine and succeed.

Share

We encourage all our pupils to be warm and sharing young people, who will build meaningful relationships built on mutual respect.

Have Fun!

We plan lessons which are engaging and creative, appealing to all pupils in order to promote curiosity. School will be an enjoyable experience embedding long lasting memories to treasure.

We have included a range of stakeholders in the development of this accessibility plan, including: pupils, parents, staff and governors of the school.

Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a ‘substantial’ and ‘long-term’ adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), ‘long-term’ is defined as ‘a year or more’ and ‘substantial’ is defined as ‘more than minor or trivial’. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make ‘reasonable adjustments’ for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with disabilities faces in comparison with a pupil without disabilities. This can include, for example, the provision of an auxiliary aid or adjustments to premises.
